

My travel to Bratislava.

Today we have gone to Hviezdoslavovo námestie. It's an square where is the national theatre of slovakia (slovenské národné divadlo). Then, we have visited the streets that surround the square. We have eaten an ice cream while we waited our partners. Later we have gone to Eurovea, a commercial centre, and we have drunk something in Mcdonald's. My partner and I have walked by the grass and we have taken photos of Dunaj river. Finally we have eaten a pizza and we have gone home.

In my travel I have learned some words in slovak, such as:

Ahoj=Hello.

Dobre=Ok or good.

Katastrofa=Catastrophe.

Spánok=To sleep.

Vták=Bird.
